

REMARKS

In response to the Office Action dated January 8, 2008, Applicants have amended claim 35 to overcome the rejection under 35 U.S.C. 112. The amendment is straightforward since "a second negative voltage" is mentioned just before the amended term. Accordingly, Applicants respectfully request allowance of claims 35-37 as claims 1, 4-6, 8-10, and 12 have been allowed by the Examiner.

CONCLUSION

For at least the foregoing reasons, it is believed that all the pending claims 1-10 of the present application patently define over the prior art and are in proper condition for allowance. If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.

Respectfully submitted,
